General Information

The information contained in this section applies only to benefits for which Sun Life of Canada is the insurer or plan administrator.

About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

The contract holder, McMaster University, has the sole legal and financial liability for the following benefits:

- Extended Health Care
- Dental Care

Sun Life only acts as administrator on behalf of the contract holder for the above benefits. The Long-Term Disability benefit is insured by Sun Life.

Eligibility

To be eligible for group benefits, you must be:

- a resident of Canada.
- classified by the employer as a permanent salaried employee who is scheduled to work at the employer's business establishment or

at some other location where the employer's business requires you to be.

For Long-Term Disability coverage, you will be considered an employee if you are faculty members (other than clinical faculty members), salaried support staff who are eligible for a pre-retirement reduced workload program, and permanent term appointed employees who are on a contract of greater than one year for an ongoing position within the University but excluding anyone who has attained the terminating age, less the elimination period, those on a contract of less than one year, post-doctoral fellows, and anyone employed on a part-time basis who was entitled to insurance but not covered on July 1, 1978.

There is no waiting period for your group plan.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any scheduled period of paid vacation if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must enrol for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent

Your dependent must be your spouse or your child and a resident of Canada or the United States and maintaining provincial health coverage.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who has been publicly represented as your spouse for at least the last 12 months, is an eligible dependent. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children) are eligible dependents:

- who are unmarried and under age 21.
- for whom you have actual custody or legal financial responsibility.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support and you have actual custody or legal financial responsibility.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more information about this.

Enrolment

You have to enrol to receive coverage. To enrol, contact your employer to complete the necessary enrolment forms. You must also enrol your eligible dependents in order for them to receive coverage.

Proof of good health will be required when you request Optional Life coverage and any increase in that coverage. Coverage will not take effect before Sun Life approves the proof of good health.

When coverage begins

Your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

Dependent coverage begins on the date your coverage begins or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- change of name.
- change of beneficiary.

- coverage students.
- change of address.

When coverage ends As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends.
- the date you are no longer actively working.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.
- the date you retire. As a retiree from McMaster University, your benefits will be provided under our retiree benefit plans. Please contact your Area Human Resources Office for more information on your retiree benefits.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

However, if you die while covered by this plan, coverage for your dependents will continue as follows:

- if you are under the age of 55, coverage will continue for one year after the date of your death and, thereafter, coverage may be renewed annually for a maximum of four additional years.
- if you are age 55 or older but have not reached the Rule of 80,

coverage will continue as long as the person would be considered your dependent if you were still alive, if your dependents choose the monthly pension option. If your dependents choose the lump sum pension option, coverage will continue for one year after the date of your death and, thereafter, coverage may be renewed annually for a maximum of four additional years. This will be paid by your dependents.

- if you have reached the Rule of 80, coverage will continue as long as the person would be considered your dependent if you were still alive, regardless which pension option your dependents choose.

Continuation of coverage will end on the date that any benefit provision under which the dependent is covered terminates.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

Making claims

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim. There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. All claims must be made in writing on forms approved by Sun Life.

No legal action may be brought by you more than one year after the date we must receive your claim forms or more than one year after we stop paying disability benefits.

Claims services

The following services have been set up to assist you in better

understanding your Benefit Programs. You may direct your questions, comments or concerns to [the Benefits Administrator at extension 23743](#) or to benefits@mcmaster.ca) in Employee Work-Life Support Services, Sun Life, or your Area Human Resources Office.

If you have a question concerning a specific medical or dental claim, you should call Sun Life. Their telephone number is 1-800-361-6212. Your name, policy # (25018) and certificate number (employee I.D. #), which are shown on your Sun Life card should be provided. You may also e-mail Sun Life at askus@sunlife.com. In addition to the above information, you should include your spouse or dependent's name, type of claim and your phone number. If the question is about a claim that has already been paid or declined, provide the "claim" or "control" number located on your Explanation of Benefits (EOB).

If you have a question concerning your coverage for Life, LTD, or the Worldwide Travel benefit, please contact your Area Human Resources Office.

If you need forms for claims or to make positive enrolment changes please contact your Area Human Resources Office or access the forms on line at www.workingatmcmaster.ca

All eligibility issues are between you and the University. Sun Life pays claims based on information you provide to the University. If claims are submitted and you have not enrolled your dependents, they will not be covered. Only expenses incurred after the date of enrolment can be honored. If a problem arises, call your Area Human Resources Office.

All questions regarding what constitutes reasonable and necessary expenses are determined by the insurer in accordance with our contract and common practices within the insurance industry for policies of this type. Where you have questions that concern a particular treatment, or plan of treatment, you should contact Sun Life.

Proof of disability

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.

Coordination of benefits

If you are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards.

These standards determine where you should send a claim first. Here are some guidelines:

- if you are claiming expenses for your spouse and the spouse is covered for those expenses under another plan, you must send the claim to your spouse's plan first.
- if you are claiming expenses for your children, and both you and your spouse have coverage under different plans, you must claim under the plan of the parent with the earlier birthday (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Your employer can help you determine which plan you should claim from first.

Medical examination

We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.

Recovering overpayments

We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

Definitions

Here is a list of definitions of some terms that appear in this employee benefits booklet. Other definitions appear in the benefit sections.

Accident

An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.

Basic earnings

Basic earnings are the salary you receive from your employer excluding any bonus or overtime pay.

For the Life coverage, if you are on a reduced work load, basic earnings are the salary you would receive from employer if you were working on a full-time basis, excluding any bonus or overtime pay.

Doctor A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.

Illness An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.

Normal retirement age The normal retirement age is the 30th day of June coincident with or next following the date you attain age 65.

For the Life coverage, at the employer's discretion, employment may be extended for one year at a time, beyond the normal retirement age, for a maximum of 3 years.

Retirement date and disability If you are totally disabled, your retirement is the date you attain the normal retirement age, unless you have actually retired before then.

We, our and us We, our and us mean Sun Life Assurance Company of Canada.

Dental Care

Plan administrator *This benefit is administered by Sun Life of Canada.*

General description of the coverage The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable expenses. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners of the province of Ontario, regardless of where the treatment is received.

If services are provided by a board qualified specialist in endodontics, prosthodontics, oral surgery, periodontics, paedodontics or orthodontics whose dental practice is limited to that speciality, then the fee guide approved by the provincial Dental Association for that specialist will be used.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.

If you receive any temporary dental service, it will be included as part

of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure or an orthodontic procedure. For other procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

The benefit year is from July 1 to June 30.

Deductible

There is no deductible for this coverage.

Expenses out of your province of residence

For expenses incurred for non-emergency dental services out of your province of residence, we will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners of the province of Ontario, regardless of where the treatment is received.

Predetermination

We suggest that you send Sun Life an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$500. You should send Sun Life a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. Sun Life will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Insurer *This benefit is insured by Sun Life of Canada.*

General description of the coverage Long-Term Disability coverage provides a benefit to you if you are totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you have been under the continuous care of a doctor for the disability since its onset.

For your Long-Term Disability coverage,

- during the elimination period and the following 24 months (this period is known as the **own occupation period**), you will be considered totally disabled while you are continuously unable due to an illness to do each and every duty of your normal occupation, and
- afterwards, you will be considered totally disabled if you are continuously unable due to an illness to do **any** occupation for which you are or may become reasonably qualified by education, training or experience.

Benefits are paid at the end of each month and are based on your coverage on the date you became totally disabled.

If you are totally disabled for part of any month, we will pay 1/30 of

When disability payments begin

the monthly benefit for each day you are totally disabled.

Your Long-Term Disability payments begin after you have been totally disabled for an uninterrupted period as shown below or after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan, whichever is later. Your employer can provide you with further information on the Salary Continuance Plan.

This period, which must be completed before disability benefits become payable, is the **elimination period**.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for at least the elimination period and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer.

Employee's length of employment	Elimination period
less than 5 years	15 weeks
5 years but less than 10 years	4 months
10 years or more*	6 months

* Eligible senior staff have an elimination period of 6 months.

What we will pay

Here is how we calculate your Long-Term Disability payments.

Step 1: We take 75% of your monthly net income, up to a maximum of \$7,000.

Net Income is your monthly basic earnings reduced by income tax, Québec/Canada pension plan contributions and Employment Insurance premiums. This calculation will be based on the assumption that you have a spouse.

Step 2: We subtract any income provided to you:

- for the same or a subsequent disability under any government-sponsored plan, including amounts payable on behalf of a dependent, but excluding employment insurance benefits and automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- for the same or a subsequent disability under any Workers' Compensation Act or similar law, excluding automatic cost-of-living increases that occur after benefits begin.
- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.
- under a group plan, including any coverage resulting from your membership in an association of any kind.
- under a retirement or pension plan funded in whole or in part by the employer.
- under any Criminal Injuries Compensation Act or similar law, where allowed by law.
- any amount of income provided for you from any employer by reason of the same or subsequent disability, other than cost of living adjustments provided by the employer.

If you are eligible for any of the income amounts above and do not apply for them, we will still consider them part of your income. We can estimate those benefits and use those amounts when we calculate your payments.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. The following will not be considered as income under this plan:

- any amount of income provided for you under any Workers' Compensation Disability Pension which you were receiving on the date you became totally disabled.
- payments under any accidental death and dismemberment plan of the employer.

We have the right to adjust your benefit payments when necessary.

Your Long-Term Disability payment will be increased each January 1st, based on the lesser of the calculated increase in the Canadian Consumer Price index or 2%.

**Maternity / parental
leave of absence**

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Long-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for an uninterrupted period of 6 months, provided your coverage has been continued.

However, if your employer has a Supplemental Unemployment Benefit (SUB) plan as defined in the Employment Insurance regulations covering the health-related portion of the maternity or parental leave,

Rehabilitation program

Sun Life will not pay any benefits under this plan during any period benefits are payable to you under your employer's SUB plan.

You may be required to participate in a rehabilitation program approved by Sun Life in writing.

It may include the involvement of our rehabilitation specialist, part-time work, working in another occupation or vocational training to help you become capable of full-time employment.

Sun Life is under no obligation to approve or continue a rehabilitation program for an employee. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.

During your rehabilitation program, you may receive your Long-Term Disability payments plus income from other sources. However, if during any month your total income is more than 100% of your pre-disability disposable income as determined by the employer, indexed for inflation, your Long-Term Disability payments will be reduced by the excess.

You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Your participation in a rehabilitation program will be limited to the own occupation period.

Interrupted periods of disability during elimination period

Interrupted periods of total disability due to the same or related causes occurring before the elimination period has been completed are treated as one period of disability and are accumulated to complete the elimination period as long as this benefit is in force and all of the following conditions are met:

- the initial period of total disability lasts for at least 30 days without interruption.
- afterwards, there is no interruption of more than 30 days.

- each period of total disability is completed within 12 months after the start of the elimination period, or as approved by Sun Life in advance in cases where the elimination period is 365 days or more.

The difference between your normal number of scheduled hours and the number of hours actually worked is credited towards the elimination period.

If the Long-Term Disability benefit terminates, any balance of the elimination period must subsequently be completed by uninterrupted total disability.

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability. You must be covered when total disability reoccurs.

These benefits will be based on your coverage as it existed on the original date of total disability.

Your responsibilities

During your total disability, you must make reasonable efforts to:

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.
- try to obtain work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

If you do not, Sun Life may hold back or discontinue benefits.

- When payments end** Your Long-Term Disability payments end on the earlier of the following dates:
- the date you are no longer totally disabled.
 - June 30th following the date that you reach age 65.
 - the last day of the month in which you die.
- When coverage ends** Long-Term Disability coverage will end on June 30th following the day you reach age 65 less the elimination period or the day you retire, whichever is earlier. Coverage may also end on an earlier date, as specified in *General Information*.
- Payments after coverage ends** If the Long-Term Disability plan terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the plan were still in effect.
- What is not covered** We will not pay benefits for any period:
- you are not under the continuous care of a doctor.
 - that you do any work for wage or profit except as approved by Sun Life.
 - you are not receiving appropriate treatment.
 - you are not participating in an approved partial disability or rehabilitation program, if required by Sun Life.
 - you are on a leave of absence, strike or lay-off except as stated under *Maternity / parental leave of absence* or except where specifically agreed to by Sun Life.
 - you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.

- you are serving a prison sentence or are confined in a similar institution.

We will not consider you totally disabled if your disability results from drug or alcohol abuse. However, this limitation will not apply while you are participating in a Sun Life approved treatment program or you have an organic disease which would cause total disability even if drug and alcohol abuse ended.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

When and how to make a claim

To make a claim, complete the Notice of Claim for Group Long-Term Disability Benefits that is available from your employer.

We must receive notice of claim on the earlier of the following dates:

- 30 days before the end of the elimination period or, if later, within 6 months after the total disability begins.
- within 30 days of the termination of this Long-Term Disability benefit.

Part of the application process will include filling out claim forms that give us as many details about the claim as possible. You, the attending doctor and your employer will all have to complete claim forms.

In order to receive benefits, we must receive these forms no later than 90 days after the end of the elimination period.

We will assess the claim and send you or your employer a letter outlining our decision.

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of this request, you will not be entitled to benefits.

If you have not named a beneficiary, the benefit amount will be paid to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed.

Converting Life coverage

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

Written application must be made to Sun Life, accompanied by the first premium no later than 31 days after coverage ends or is reduced. This is called the 31 day conversion period.

You may choose an individual plan with equivalent coverage to the coverage which terminated or reduced under your plan, but without disability benefits. If equivalent coverage is not provided under an individual plan issued by Sun Life, then Sun Life will offer a plan of equal value. You may instead choose any other individual policy which

Sun Life is willing to offer, but without disability benefits.

The amount of individual life insurance will be limited by the following:

- if coverage is terminated or reduced because the group contract is terminated or amended, the amount of a person's individual life insurance policy may not exceed the amount of coverage that is terminated or reduced less any amount of insurance available under another group contract within 31 days.
- if coverage is terminated or reduced for any other reason, the amount may not exceed the amount of coverage that was terminated or reduced.
- if a person is entitled to convert coverage under more than one benefit provision or more than one contract issued by Sun Life to the contract holder, then the sum of the amounts available for conversion under all such benefit provisions or contracts will be pro-rated over the various benefit provisions or contracts based on the amount of coverage in force when coverage was terminated or reduced.
- in all cases, the amount of the individual life insurance policy cannot exceed \$200,000.
- if a person does not convert the entire amount available for conversion, the individual life insurance cannot be less than the minimum amount which Sun Life issues for the plan selected.
- the premium rate for the individual policy will be based on Sun Life's rate for the sex, plan and age of the person on the effective date of the individual policy. If requested and the person applying for the insurance is under age 66, the premium rate for the first year will be that of a one year term policy, but the premium rates after the first year will be based on the original age plus one. If any portion of the converted group coverage was based on a rating under this contract, Sun Life will apply the same rating when determining the premiums for such portion of the individual policy.
- the effective date of the individual policy will be the day following the end of the 31 day conversion period.
- if, after the conversion, a person is insured within 6 months under any Sun Life group contract with the contract holder, the amount of coverage under the group contract will be limited to the amount of the person's coverage under the group contract minus any amount

still in effect under the individual life insurance policy.

31 Day Free Cover: When Sun Life receives proof of claim that a person has died during the 31 day conversion period, Sun Life will pay the amount of coverage eligible for conversion.

When and how to make a claim Claims for Life benefits must be made as soon as reasonably possible. Claim forms are available from your employer.

Co-ordination of Benefits

- This contract is classified as a supplemental benefit plan. It covers expenses not covered under any other benefit or insurance plan, collectible or otherwise. In the event a covered person is entitled to similar benefits under any other individual or group contracts, including but not limited to your provincial health care insurance plan, Workers' Compensation, credit card coverage, and private or auto insurance, benefits will be coordinated with those plans so claims paid do not exceed 100% of the allowable expenses paid.

If any other plan does not contain a provision for coordination with or reduction of benefits payable under this agreement, the benefits payable under any such plan will be determined first.

If any other plan contains a provision for coordination with or reduction of benefits payable under this agreement, the benefits shall be coordinated with all other plans to establish an order of benefit determination. The benefits shall be prorated between or among the plans in proportion to the amounts that would have been paid under each plan had there been coverage by just that plan.
